

Process Update: Where we are today...

 Phase 4: Policy Framework: What are our choices in direction and strategy? Which of the available choices is best suited and most effective for St. Charles Parish?

Where we are today...

Working with the Steering Committee to define principles, goals, policies and strategies for:

- 1. Land Use
- 2. Community Design
- 3. Economic Development
- 4. Infrastructure
- 5. Mobility
- 6. Community Facilities
- 7. Natural and Cultural Resources
- 8. Parks and Open Space

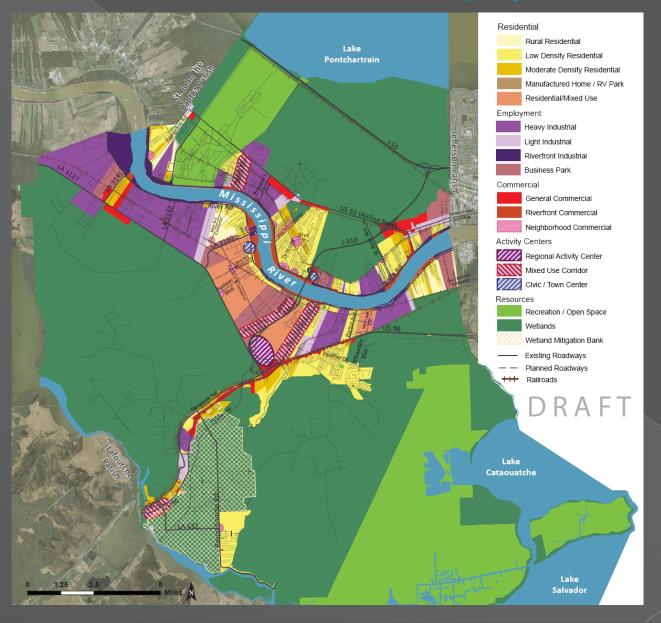

Future Land Use Map: What It Is & What It Is Not

- An image that depicts the pattern of future land use distribution to be achieved over several decades
- Generalized does NOT show precise limits, nor individual uses proposed at a parcel scale
- Not a zoning map BUT used as a basis for zoning decisions (rezoning applications to be consistent with the FLUM)
- Not a stand-alone document should always be reviewed in conjunction with Comp Plan goals, policies and actions
- Will require revisions to zoning, subdivision and other regulations

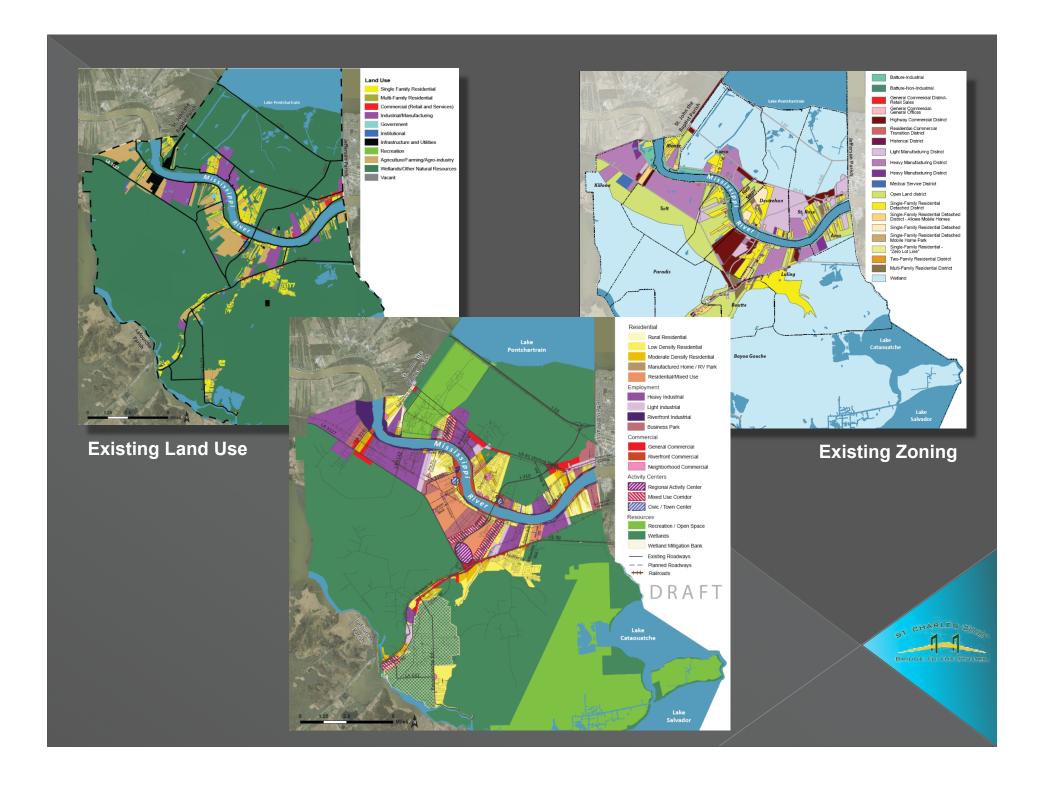

Future Land Use Map (latest draft)

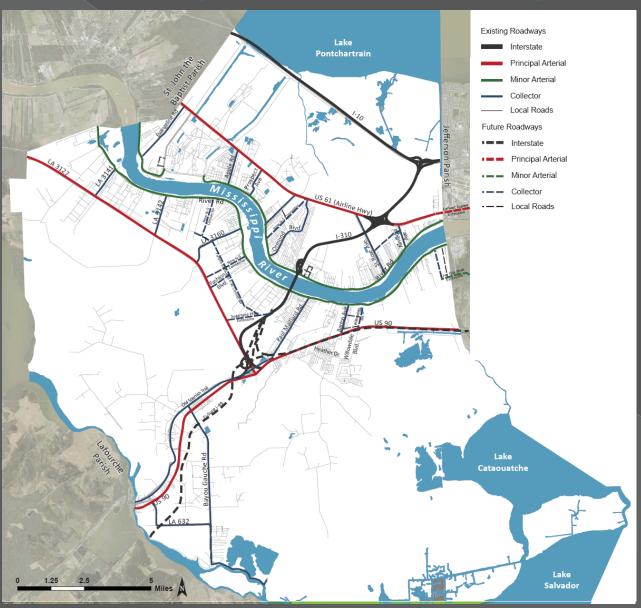

What's New:

Greater Flexibility for...

- 1. Business Parks recognizes existing parks and reserves land for future locations
- 2. Light Industrial lowerimpact/complementary industry at transitional locations
- 3. Mixed Residential areas suited for planned development at mixed-densities
- 4. Activity Centers key corridors, "civic centers," and one regional hub

Roadway Network Map (latest draft)

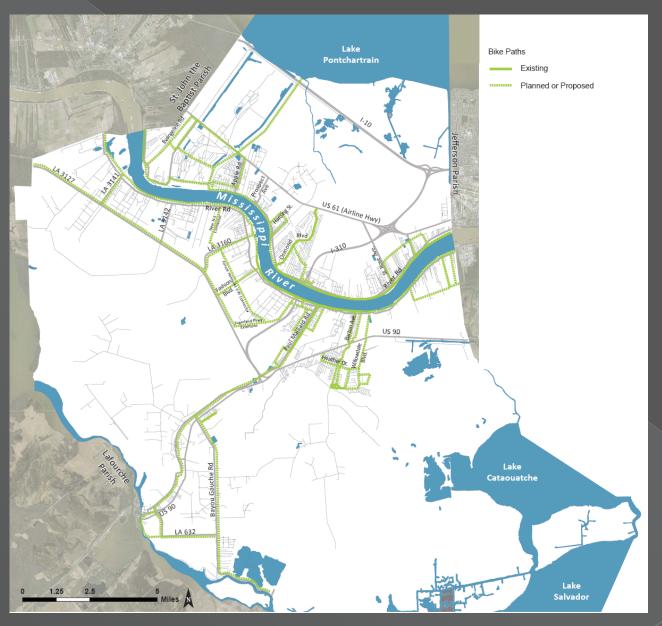

What's New:

- 1. Link between land use and transportation, providing additional east-west and north-south connections (where feasible)
- 2. Allows consideration of land reservation for future roads
- 3. Takes a "complete streets" approach (sidewalks and bikepaths) consistent with DOTD new policy
- 4. Will require revisions to subdivision regulation and zoning code criteria

Bike & Pedestrian Connections Map (latest draft)

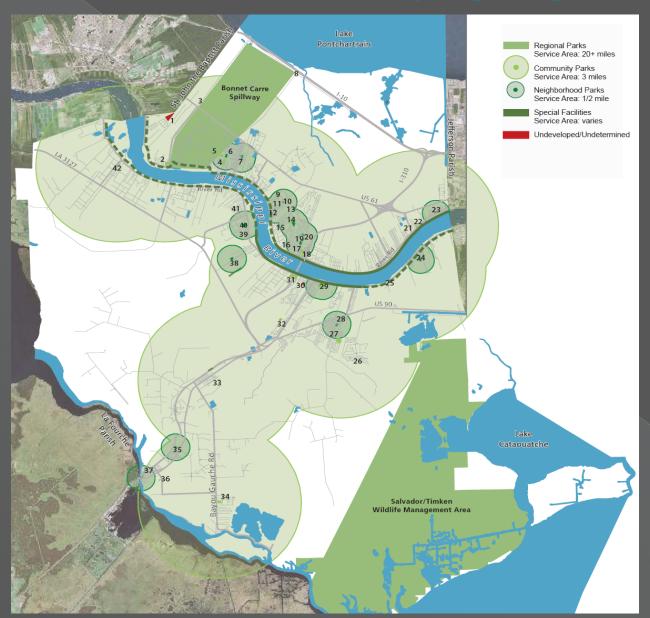

What's New:

- 1. Provide connections to and between Parish destinations (parks, schools, libraries, etc.)
- 2. Improve safety for both pedestrians and bicyclists
- 3. Economic development infrastructure for recreational tourism

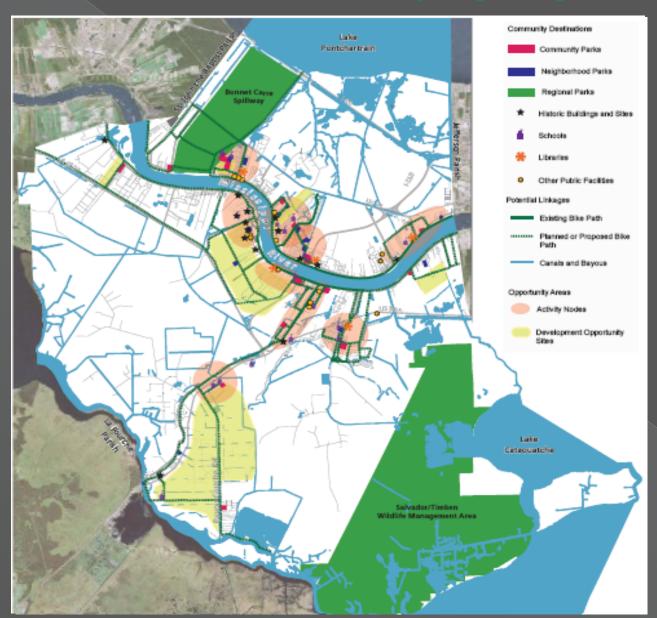

Parks and Recreation (ongoing Master Plan)

Parks and Recreation (ongoing Master Plan)

What's Next?

- 1. Open Houses to be held November 8-10 to receive public input on the FLUM, transportation concepts, and policy framework
- 2. After refinement and endorsement by the Steering Committee, compilation of the plan document (Phase 5)

You are invited to the third series of community workshops for the St. Charles 2030 Plan

Come see what the community has envisioned for St. Charles Parish for the next 20 years and give us your feedback!

Nov. 8th - Open House 12:30-5:30 pm - Courthouse 15045 River Road, Hahnville

Nov. 9th - Open House

11:00-2:00 - East Regional Library

160 West Campus Drive, Destrehan

5:00-8:00 pm - Hahnville High School 200 Tiger Drive, Boutte

Nov. 10th - Open House 11:00-2:00 - West Regional Library 105 Lakewood Drive, Luling

5:00-8:00 pm - Harry Hurst Middle School 170 Road Runner Lane, Destrehan

CHARLES 2030

The Comprehensive Plan: What is it?

A 20-year "roadmap" for the Parish – a long-term reference point to guide decisions about where and how to grow over the next two decades...

A document containing the statement of goals and objectives establishing the Parish's vision for the future and the actions needed to achieve it.

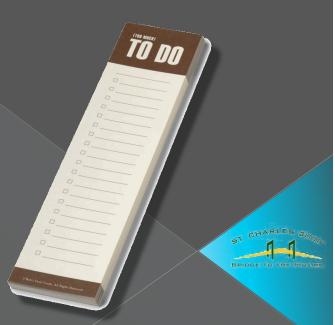

What is it?

The Comprehensive Plan serves several purposes:

- Articulating citizens' values and aspirations
- Providing a guide for dealing with incremental or sudden change
- Providing a basis for decision-making
- Defining the community's 20-year "To-Do" list
- Catalyzing community consensus

How will it be used?

Once adopted, Staff, the P&Z Board, and the Parish Council will refer to the Comprehensive Plan policies and maps (in particular the Future Land Use Map) to:

- Ensure that rezoning and other development decisions help the Parish advance toward achieving its Vision.
- Identify and prepare for the impacts of developmentrelated decisions on transportation, infrastructure, and community facility needs.
- Prioritize timing and funding for capital improvement projects.

Review of Policy Framework Phase Strategic directions and the basis for policies necessary to achieve a sustainable future for St. Charles Parish on subjects such as:

- ·Land use patterns
- Development types and densities
- Development quality
- Job creation
- Completion of basic infrastructure
- •Government facilities, services and programs
- •Resource preservation and enhancement
- Capital investment programming

1. Vision Statement

ST. CHARLES PARISH 2030 VISION

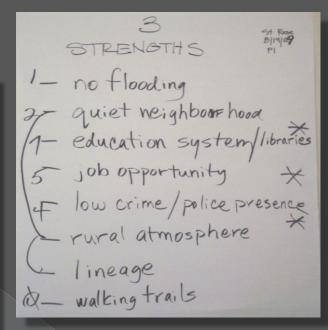

This Vision Statement is written from a perspective of some twenty years into the future. It expresses what we, the citizens of St. Charles Parish, envision and desire our community to be like in 2030, and it reflects on all that we will have accomplished since the initiation of our new comprehensive plan in 2009.

In 2030, St. Charles Parish is a vibrant, friendly community, proud of its heritage and surrounded by unspoiled nature. We are a community that has taken advantage of its strategic location, and wisely managed growth and change to achieve:

- A strong, diversified economy that offers ample, challenging job opportunities for all, allowing the Parish to retain its talented youth;
- A "small-town" way of life, but enriched with a full array of educational, cultural and recreational opportunities;
- A sound infrastructure system that offers reliable protection from natural disaster, provides for optimum mobility in a variety of modes of travel, and supports sound growth;
- A balanced development pattern that offers a range of housing choices in livable neighborhoods, and commercial and civic activities and services that are needed by our resident population;
- A character of development that reflects the value we place on our scenic natural beauty and our culture, heritage and community identity; and
- A community of educated, engaged and caring citizens with diverse backgrounds, but sharing a common identity and commitment to serve.

This Vision of St. Charles Parish in the year 2030 is built around five major themes:

- > Building on a Solid Foundation: Basic Infrastructure and Safety
- > Economic Strengthening and Diversification
- > Framework for Sustainable Growth
- Full Array of Public Services and Facilities
- > Enhancing Community Character, Shared Identity and Connectedness
